Dear Trudy,

Haven't replied to your card and notes because I'm daily getting further behind in preparing for an 11-day trip. I hope to be done and most recently expected I could Thursday but that is now improbable.

Until I [illegible], which now probably cannot be until sometime the week of 2/10 at earliest, could you please try and note notes? Or keep them into your tape recorder, so you will not forget.

I think I'll have to leave town a day for a few days about 2/25. Do you think, if I cannot get down, you might be able to come up here toward the end of them previous week?

I never can [illegible] in my prisons after I mail an until it was printed and I've got time to proof it. Still, with its [illegible], some [illegible], some [illegible] will not hilpful. If as you read it you see any errors, would you please note them.

Best to you all.

Sincerely,
